Full Stack Web Developer | React.js and Node.js Expert

Passionate and results-driven Full Stack Web Developer with proven expertise in designing and developing responsive, scalable, and high-performance web applications. Skilled in React.js, Node.js, and database management, with a focus on user-centric design, API integration, and performance optimization. Adept at agile development methodologies and collaborative team environments. Committed to continuous learning and delivering innovative, high-quality solutions that align with business objectives.

CORE COMPETENCIES

Creative Problem Solving | Communications | Time management | Quality Assurance | Project Management | Enterprise Web Application Development | Web Layout Design | Leadership | Software Development | Agile Methodologies | Version Control

PROJECTS & EXPERIENCE

Full Stack Web Developer

| Remote | 2022 - Present

- **Designed and developed custom, responsive websites** for diverse clients, enhancing brand visibility and driving customer engagement.
- **Implemented robust user authentication systems** using modern security protocols, along with dynamic product catalogs and payment gateways to streamline client operations.
- **Optimized website performance** using tools and techniques such as **ImageOptim** for image compression, **React Lazy** for lazy loading, and **Redis** for caching, significantly reducing load times by **30%** and enhancing user experience.
- **Developed e-commerce platforms** for businesses in coffee furniture and animal feed sectors, resulting in a **15% increase** in sales and operational efficiency.

SELECTED PROJECTS

- **E-Commerce Platform:** Developed using React.js, Node.js, and MongoDB. Integrated Stripe for secure payments and JWT authentication.
- **Portfolio Website:** Built a responsive portfolio showcasing projects and achievements, achieving a 95% Lighthouse performance score.
- **Real-Time Chat Application:** Created using React.js and Socket.io. Developed a secure, real-time team communication system.
- **Question-and-Answer Platform:** Built a platform where users can ask and answer questions, promoting knowledge-sharing and community interaction.
